

# Moving with Pets

## PRE-MOVE

Update your microchip and vet records

Start packing but leave their favourite toy and bed for last

## DURING MOVE

Make regular stops and let your pet stretch their legs

Pet proof your new house

## POST-MOVE

Set up your pet's new digs

Get back into your pet's routine as quickly as possible

## FLYING WITH PETS

### Top three tips to help your pet enjoy their flight:

1. Visit the vet for recommendations on keeping your pet comfortable and healthy during the flight
2. Complete and submit all quarantine documents on time
3. Organise a pet plan for transportation from quarantine to your new home
